

Three Tips To Stop Kitty From Furniture Scratching

Provide Scratching Posts

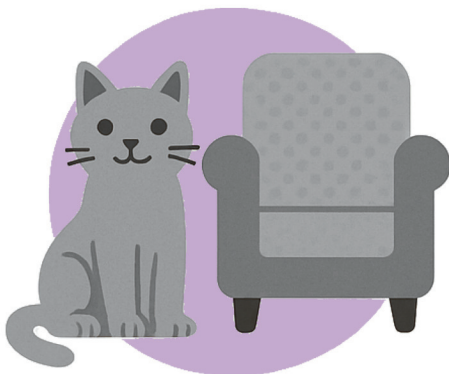

Keep several scratching posts and pads around the home to deter kitty from scratching the furniture - try several different heights and shapes.

Trim Kitty's Nails Regularly

Trim kitty's nails regularly. This will make kitty's paws feel better and will avoid damage to furniture should accidental scratching occur.

Protect Furniture With Pads Or Tape

Protect furniture with pads, covers or sticky tape made especially to deter scratching. Tin foil works also!

Keep The Claws On The Paws!

Declawing is Unnecessary, Painful, Cruel and Inhumane.
